RECEIVED

As a registered voter, please be aware: I WANT RESOLUTION 06-075 PASSED. I also wish to know why the Committee declined to act on this Resolution on Tuesday, March 28, 2006.

I am stunned that anyone (except, of course, those will profit from this development) would even consider adding more people, more traffic, destroy the last of the "country" on Oahu. I go from Kahuku to Pupukea to Foodland, and on high surf days or "turtle days" one just inches along. And to even think about adding more lanes - puleeze!

We await your action on this Resolution.

Thank you,

Jacqueline Weyhenmeyer
